

**001.01.02**

**CONCERTINA**  
medium crossed-type razor wire

Types of blades:

  
**stable**  
spring wire plus an appropriate connection with special clips make a stable construction in the shape of a cylinder

  
**durability for many years**  
high quality zinc coatings

  
**concertina ø730 mm / ø600 mm**  
securing internal partition walls of correctional units and remand centres

- Ø 730mm **BTO-30** 10m ±2m galv. 240/200/120  
001.01.02.152
- Ø 730mm **BTO-22** 10m ±2m galv. 200/240/40  
001.01.02.321
- Ø 730mm **BTO-28** 10m ±2m galv. 200/240/40  
001.01.02.341
- Ø 730mm **BTO-28** 10m ±2m galv. 200/240/SS  
001.01.02.380
- Ø 730mm **BTO-28** 10m ±2m stainless steel  
SS304/SS304/SS  
001.01.02.300
- Ø 600mm **BTO-30** 10m ±2m galv. 240/200/120  
001.01.04.152
- Ø 600mm **BTO-22** 10m ±2m galv. 200/240/40  
001.01.04.321
- Ø 600mm **BTO-28** 10m ±2m galv. 200/240/SS

Name	Material	Outside diameter	Installation length	Thickness of blade	Wire diameter	Main blade types	Option
CROSSED-TYPE CONCERTINA	galvanized 240/200/120	Ø 600mm / Ø 730mm, 5 clips	10 m ±2m (54 coils)	0,5 mm ± 0,1mm	2,2 mm ± 0,1mm	BTO-30	powder coating
CROSSED-TYPE CONCERTINA	galvanized 200/240/40	Ø 600mm / Ø 730mm, 5 clips	10 m ±2m (54 coils)	0,5 mm ± 0,1mm	2,4 mm ± 0,1mm	BTO-22	powder coating
CROSSED-TYPE CONCERTINA	galvanized 200/240/40 galvanized 200/240/SS stainless steel SS304/SS304/SS	Ø 600mm / Ø 730mm, 5 clips	10 m ±2m (54 coils)	0,5 mm ± 0,1mm 0,45 mm ± 0,1mm 0,5 mm ± 0,1mm	2,4 mm ± 0,1mm	BTO-28	powder coating

**001.06**

**ACCESSORIES**

semi-automated clips, semi-automated applicators

**automatic clips**

very durable clips used for the installation of razor wire and razor tapej

**a tool for installing connectors - clips**

clip applicator equipped with a magazine automatically feeding clips, allows a quick installation of 20 to 50 clips

semi-automated clips wire ø3,0mm galvanized steel  
001.06.02.001

semi-automated applicator  
001.06.02.002
